SUMMARY

Software engineer with 10+ years building event-driven and distributed systems in production. Cross-cloud pub/sub at Snap (GCP Pub/Sub), AWS Kinesis pipelines at Vertebrae and Panorama, and cloud microservices at scale. Strong in Product Development, platform architecture, and partnering with product and ML stakeholders on reliable async data paths.

EXPERIENCE

Panorama AI · Dec 2023 – Feb 2026 · Santa Monica, CA

Head of Engineering · Oct 2024 – Feb 2026

- Led data and platform teams for LLM/ML products: Python services, AWS Kinesis event ingestion, PostgreSQL, and architecture standards for high-availability pipelines feeding models and product surfaces.
- Partnered with product and data science on reliable async paths from event capture through model inputs.

Lead Software Engineer · Dec 2023 – Oct 2024

- Built core infrastructure for predictive recommendations and LLM-based BI, including event ingestion and data pipelines into model and product workloads.

Snap Inc. · Jul 2021 – Sep 2023 · Santa Monica, CA

Software Engineer · AR Enterprise Web SDK Tech Lead

- Designed and pitched a cross-cloud pub/sub layer (GCP Pub/Sub) connecting Snap and Vertebrae backends; drove cross-functional delivery with enterprise and multiple engineering teams while building Vertebrae's pipeline integration.
- Tech lead for the AR Enterprise Web SDK post-acquisition; owned APIs, event tracking, and merchant integrations on shared messaging paths.

Vertebrae Inc. · Feb 2016 – Jul 2021 · Santa Monica, CA + Remote

Senior Fullstack Software Engineer

- Early engineer; owned cloud infrastructure and microservices (Terraform, Docker, serverless) scaling to millions of users through the Snap acquisition.
- Built AWS Kinesis-backed event tracking and ingestion into PostgreSQL for analytics/BI; owned CI/CD and platform architecture decisions.

SKILLS

Event-Driven Architecture · Distributed Systems · AWS Kinesis · GCP Pub/Sub · Python · Microservices · Platform Engineering · Docker / Kubernetes · AWS / GCP · Terraform · PostgreSQL · Data Pipelines / ETL · REST APIs · System Design · CI/CD · Technical Leadership

EDUCATION

Full Sail University · AAS, Recording Arts Technology
